## EDUCATION

**Caleb University, Imota, Nigeria**

Bachelors of science in computer science 2:1

November 2020 - July 2024

## EXPERIENCE

**National Institute of Information Technology      Software Engineer      May 2023 - November 2023**

- Integrated multiple APIs into web applications using JavaScript, HTML, and CSS, enhancing functionality and user experience.
- Collaborated with key stakeholders to research and implement improvements for existing projects
- Diagnosed and resolved multiple bugs in web applications by tracing and addressing root causes.

## PROJECTS:

**Portfolio**

**Front-end developer**

[Portfolio](#)

- Built a responsive personal portfolio website using **React Typescript** and **Tailwind CSS**, with modular components architecture and smooth scroll navigation.
- Implemented interactive features including mobile hamburger menu, animated progress bars, dynamic section highlighting and scroll-to-top functionality for enhanced user experience.
- Integrated **Formspree** for contact form functionality with form validation, error handling, and loading states to ensure reliable user communication.

**Yourchiledducation**

**Front-end developer**

[yourchiledducation](#)

- Developed responsive user interfaces using React and Tailwind CSS.
- Collaborated with backend developers to integrate APIs and ensure seamless data flow.
- Structured the site with reusable React components, improving maintainability and scalability.
- Ensured mobile-first design, optimizing layout and usability across devices and screen sizes.

**Forever E-commerce**

**Front-end developer**

[Forever](#)

- Built an e-commerce platform using **React Jsx**, **Tailwind CSS**, and **MongoDB** with user authentication and order tracking.
- Developed admin dashboard for order management and inventory control, plus customer shopping features with seamless navigation.
- Implemented RESTful APIs with **Axios**, tested with **Postman**, and integrated **React Router DOM** and **React Toastify** for enhanced UX.

## CERTIFICATIONS:

Coursera: [Introduction to Web Development with HTML, CSS, JavaScript](#), Coursera: [Introduction To Cloud Computing](#)

## SKILLS:

**Programming Languages:** Javascript (**Proficient**), HTML, CSS,

**Technologies:** React Jsx, Typescript, Git, Tailwind Css
