EDUCATION
Caleb University, Imota, Nigeria
Bachelors of science in computer science   2:1   November 2020 - July 2024

EXPERIENCE
National Institute of Information Technology   **Software Engineer**   May 2023 - November 2023
- Integrated multiple APIs into web applications using JavaScript, HTML, and CSS, enhancing functionality and user experience.
- Collaborated with key stakeholders to research and implement improvements for existing projects.
- Diagnosed and resolved multiple bugs in web applications by tracing and addressing root causes.
- Conducted code reviews and testing to ensure code quality and adherence to best practices.
- Documented technical processes and created user guides to improve team knowledge sharing.

YourChildEducation   **Frontend Developer**   July 2025 - Present
- Designed and built the company's platform from the ground up using React and Tailwind CSS, creating a scalable and maintainable codebase.
- Collaborated with backend developers to integrate APIs for displaying schools and teachers data across the platform.
- Implemented API calls throughout the codebase to fetch and render dynamic content, ensuring data accuracy and proper display.
- Developed responsive and accessible user interfaces to ensure optimal user experience across all devices.
- Implemented reusable component architecture to streamline development and maintain code consistency.

Sterlingpro Business Application   **Support Associate**   July 2025 - Present
- Configured and deployed POS terminals by loading firmware binaries for banking clients, ensuring seamless functionality and field readiness.
- Coordinated terminal logistics with banking partners and technical teams, including device receiving, dispatching, and on-site support.
- Diagnosed hardware and network faults on POS devices.
- Managed inventory tracking of terminals to ensure accurate stock levels.
- Provided technical support to banking staff during terminal installations, troubleshooting connectivity and configuration issues.

PROJECTS:
Portfolio   **Portfolio**
- Built a responsive portfolio using React TypeScript and Tailwind CSS with modular components.
- Integrated **Formspree** for contact form functionality with form validation, error handling and loading states.

Yourchildeducation   **yourchildeducation**
- Developed responsive user interfaces using React and Tailwind CSS.
- Collaborated with backend developers for API integration and structured site with reusable components.

Forever E-commerce   **Forever**
- Built an e-commerce platform using React, Tailwind CSS, and MongoDB with authentication and order tracking.
- Developed admin dashboard for order management and implemented RESTful APIs with Axios.

CERTIFICATIONS:
Coursera: **Introduction to Web Development with HTML, CSS, JavaScript.** , Coursera: **Introduction To Cloud Computing**

SKILLS:
Programming Languages: **Javascript (Proficient)**, HTML, CSS,
Technologies: React Jsx, Typescript, Git, Tailwind Css
